laneneaveimmigration.co.nz

Free immigration status review

Have you recently received immigration assistance from an unlicensed immigration adviser? Are you represented by a Licensed Immigration Adviser and being charged high fees upfront?

We're offering a free professional assessment of your visa position to ensure you are on the right track. We know it is better to assist you at an early stage rather than have to step in and help you once things go wrong and a lot of money has already been spent.

We bring professionalism and real expertise

We are experienced at stepping in to assist migrants where their current advisor has let them down by providing advice that is incorrect or where there are complexities that are beyond the advisor's technical expertise.

We also frequently assist applicants who have made an application to INZ and are now being challenged by INZ in relation to aspects of their eligibility. We have a proven track record of success with even the most complex application types.

Lane Neave is a trusted law firm with a 150+ year history, operating out of offices located in Auckland, Christchurch, Wellington and Queenstown. We have the largest immigration legal practice in New Zealand, so the advice you receive from us will be professional, reliable and cost-effective.

Contact us today for your free immigration status review

Contact us on visacheck@laneneave.co.nz to schedule a consultation with one of our specialist immigration lawyers.
